TESTING EQUIPMENT

Height gauge

The projector

Hardness tester

Tensile tester

Salt spray tester

Metallographic microscope

PRODUCTION EQUIPMENT

Flat rail CNC lathe

400 ton friction press

Four axis center

Machining center

Work center three axis

Small CNC lathe

Oblique rail CNC lathe

Our Certificate

We always feel that all success of our company is directly related to the quality of the products we offer. They meet the highest quality requirements as stipulated in ISO9001, ISO14000:14001 SGS guidelines and our stringent quality control system.
